Teamwork

- I enjoy collaborating, whether within a large institution or in a smaller team.

Problem Solving

- I am adept at identifying, analyzing, and resolving problems quickly.

Adaptability

- I adapt easily to changes, whether technological developments or changes in team members.

Creativity

- I really enjoy inventing new things and embarking on projects that offer functionalities that are different from the market.

Autonomy

- I'm self-taught by nature, and I know how to work independently while respecting project guidelines.

Curiosity

- I'm always on the lookout for the latest news in the tech world.

Resilience

"Either I lose, or I learn."

Patience

Bugs? Technical challenges? That's what always keeps me going when it comes to solving them.
